

# Environmental Policy

## Policy Statement

Tic Tag Systems constantly strive to achieve leading industry practice by adhering to all environmental laws and regulations. We are dedicated to delivering excellence in environmental performance.

We as an organisation understand that it is a vital step in continuing to remain a top tier service provider in all sectors. Not only do our clients demand it, we have a commitment to all local communities in which we operate in to leave the environment in the same condition and undamaged as a direct result of our own actions.

## Policy Objectives

Tic Tag Systems is dedicated to:

- Adhere to all appropriate environmental laws and regulations
- Identifying risks, eliminating or otherwise controlling risks to our communities and environment.
- Encouraging all employees to have a pro active environmentally conscious attitude at all times
- Continually reducing our environmental footprint with initiatives such as Reduce, Re use and Recycle

## Our Environmental Responsibilities

Management is responsible for the implementation and monitoring of this policy across all work sites. In fulfilling the objectives of this policy, management is committed to regular consultation with employees to ensure that the policy operates effectively and all employees understand and accept that they too are equally responsible for the wellbeing of the environment and communities in which they are associated.

All contractors, sub-contractors and employees working with Tic Tag Systems must at all times follow and adhere with our policy.
